12.Organized beach clean up activity organized by ROTARACT CLUB.

13.Took part in GREEN ENGINEER CAMPUS CLEAN UP DRIVE during ENGINEER 2008,college technical fest.

14.Participated in NSS drive to donate clothes to the needy.

ABOUT MYSELF

A People's person to the forte,team man to the core.I see myself as a hardworking,uncompromising individual encrusted with moral values along with a sharp eye for creativity.Blend of exquisite communication skills along with a calm composed demeanor and a dedicated attitude.Confident,amiable,easy going nature and avid reader describes me even more.

I am confident of my academic abilities and am capable of handling responsibilities and my versatile nature enables me to adjust to any condition.My past three interns have groomed my professional traits and provided business environment to flourish.

CO-CURRICULAR ACTIVITIES

CO-CURRICULAR ACTIVITIES

ACADEMIC ACHIEVEMENTS: Secured First Position in UAE in maths, physics and chemistry aggregate in 12th Standard, CBSE.

MAY - JULY 2009

Interned with GE ENERGY, Hyderabad Technology Center, in FULFILLMENT PRODUCTIVITY TOOLS TEAM, under Pramod Yadav. Worked on C#.NET as front end and MS Access and SQL Server as backend. Worked on In-House tool of GE, Energy. Learnt C#.NET in 1 week and completed two major units of the tool. Did the analysis, design and the implementation of the on-going tool.

NOV - DEC 2008

Interned with GULF BUSINESS MACHINES, Abu Dhabi, in field of PRE SALES and SUPPORT departments, under Andrew, Pre Sales Specialist and Georges El-Khoury, Networking Sales Specialist. Concentrated on IBM and CISCO machines used in the networking layout proposed by the company. Studied in detail about the requisites for creating network layout for any company and designed a network layout for dummy company.

MAY - JUNE 2008

Interned with COMMVAULT SYSTEMS (INDIA) PRIVATE LIMITED, Hyderabad, software firm which deals with back-ups, recovery and archiving of data. Worked with the INTEGRATION TEAM under the guidance of Mr. Govind Rao Mondrati. During this time, I worked on back up procedure and architecture followed by the company. Imbued knowledge on recovery system followed by various companies for their data. Learnt about archiving of data too.

Perceived Oracle DataBase Administrator course for a period of one month from Wilshire Institute in Hyderabad.

Attended 'SCIENCE AND TECHNOLOGY WEEK' organized by PRESIDENTIAL CLASSROOM program-2005 at GEORGIA UNIVERSITY, USA, Sponsored by HONEYWELL, USA.

Gave a Seminar on MANTIS OPERATING SYSTEM in September 2008 to a class of 70. In the seminar I have spoken on architecture, places of application and advantages and disadvantages.

Created a game using Artificial Intelligence concepts. It uses Heuristic Method, Fuzzy logic and A* Algorithm for approaching the goal.

Currently working on Wireless Sensor Network Protocol in Energy optimization field. Ns2 and Minisim are the tools employed.

Created a network application which blocked a user from accessing any malicious or unwanted site. An application similar to IRONPORT. Visual C++ .NET as frontend and MS Access database as backend was employed for development of the project.

Created BLUE FIRE, a P2P File Sharing Client in Java, designed to meet the needs of file sharing over an unstable networking environment and to abolish single point failure of service at the software level. Streaming of audio and video were done to upload and download audio/video across users. Neat clustering of data made searching of files across the users faster and easier. Private chat among users was also a feature built.

Created ETICOM, a database project with VB as frontend and SQL as backend. It depicts the functionalities that take place in any Telecommunication Company. It records the calls made by the client, records the duration and assigns tariff of call depending on category: LOCAL/STD/ISD. Produces a monthly bill showing calls made, duration, price and total amount to be paid. Options like Dues were also taken care of.

Created a 2D Snake Game using C Graphics where the algorithm implemented concepts like translation, rotation and scaling of graphical objects. It depicted the Snake game available as

CO-CURRICULAR ACTIVITIES

computer or mobile game. Designed the overlook and implemented the code for the proper execution of the game.

Created a Travel Agency Software in my 12th standard which was pure event driven program using C and Graphics in C.
