SUPPLEMENTARY INFORMATION

EXTRA CURRICULAR ACTIVITIES

- An executive member of the Artist Forum which is a credited hobby club in my university that regularly conducts various events to help the students showcase their artistic skills and creativity.
- Bagged prizes in various painting competitions at school level
- I am currently the placement coordinator for my class, and will be representing my class during the recruitment process.

ABOUT MYSELF

I am self motivated and an optimistic person. I also consider myself a very responsible individual who likes to take up challenging job.

CO-CURRICULAR ACTIVITIES

Academic Projects:

- Created an animation package as a part of my computer graphics course. The whole package is coded in C language using SDL API to render the graphics
- Created a toy relational database as a part of my Database systems course using C programming language
- Designed and developed a railway ticket and train management system as a part of my Database systems course. The technologies used are HTML, PHP and the database used is MySQL
- Developed i-Docs, an online document creation, sharing and collaborative editing application which is based on SaaS (Software as a Service) architecture as a part of my Software engineering course

Other projects:

- Designed and developed smartbod.nl, a Lowest unique bid auction application using HTML, PHP, MySQL and AJAX for Raffles IT park, Visakhapatnam
- I have worked as a freelancer for many other projects. Most of the projects are related to web designing and web application development using HTML, PHP, MySQL and AJAX.
<http://www.worldfamousoasis.com> , <http://www.searchalIdeals.co.uk> ,
<http://www.jonasbrothers.co.uk> are some among them
- Currently working on a project to build a Network management tool with proxy server capabilities using python, as a freelancer.
