SUPPLEMENTARY INFORMATION

EXTRA CURRICULAR ACTIVITIES

• Member of E-FOREA (Engineers Forum for Entrepreneurship Awareness), a society for spreading awareness about entrepreneurship among college going youth.
• Member of organizing committee for annual technical symposium, Engineer, of National Institute of Technology Karnataka.
• Active Participation in creative contests and competitions. Won second prize in "movie spoof" contest in annual college festival, Crrescendo, of National Institute of Technology Karnataka.
• Member of organizing committee for annual cultural festival, Incident, of National Institute of Technology Karnataka.
• Have represented my school in a number of science fests.

ABOUT MYSELF

CO-CURRICULAR ACTIVITIES

• Designed an algorithm emulator program which can be used as a teaching aid.
• Designed an e-commerce system for online book store capable of secure user login, browsing and searching books on basis of author, title etc., order tracking.
• Designed publicity material for crescendo 07 and incident 08, the annual college festivals of the college. This material was distributed to many companies for sponsorship purposes.
• Designed a graphics editor using C++ libraries.

PROFFESSIONAL EXPERIENCE

• Designed, developed and delivered a billing and inventory management system for a chain of photo labs and studios. This project was independently undertaken by a team of three developers. My role in the project was to prepare SRS, design various modules of the system during initial stages and development of user interface during later stages of the project.

• Worked as Branding consultant at INAT technologies limited from December 2008 till April 2009. INAT Technologies is involved in providing strategic IT solutions to various sectors through its large range of software products. The role involved designing the look and feel of user interface of the companies' products, designing of logos and brochures for the products, putting in place document standards and guidelines for all professional communications as well as for project related documentations.

• Working as software developer at INAT technologies from May 2009 till date. I am involved in Graphically rich applications both online and desktop based. Currently i am working on a SAAS based web application.
