ABOUT MYSELF

CO-CURRICULAR ACTIVITIES

1. Internship at Electronic and Radar Development Enterprise(LRDE), Defense Research and Development Organisation(DRDO) (www.drdo.org) ,
(http://www.drdo.com/labs/lrde/index.html?d=Search+DRDO+Website&select=26) :-
High Speed Channel Data Splitter – Created a tool to extract the high speed incoming data to RADAR from a target. For processing (in the next stage), this tool separates and classifies the data. Coding was done using C++.
This internship was done under the guidance of Mr.Viswam Gampala, Scientist 'F', LRDE, DRDO.

2. Internship at Encore Technologies, Bangalore (www.ncoretech.com):-
Data structure storage - Worked on a method to store different kinds of data structures, mainly generalized list into files and to retrieve the data and recreate the data structure as before. Coding was done using C.
This internship was done under the guidance of Mr.Kaushik V Shah, Encore Technologies, Bangalore.

3. Database Management Systems – Created a local website based on the IPL (Indian Premier League) as part of the project for the course, Database Systems. The front end was coded using PHP and HTML and the database management was achieved using MySQL.
